We have rapidly built a reputation for providing the best in dependable, consistent and affordable non-medical senior care services. We have the people, resources and knowledge necessary to make sure our clients get the help they need to enjoy living independently at home.

If you are a veteran in need of in-home assistance services we are here to help. Many U.S. veterans don't know about their benefit programs or how they can qualify. Under the "Aid and Attendance Pension Benefit" the Veterans Administration offers assistance to qualified United States Veterans and their spouses to help pay for long term eldercare services. As experts in the senior care industry, Senior Helpers understands the needs of our veterans. That is why we partner with professional assistance organizations that specialize in helping veterans and their families navigate through the complex application process.
